THE DEEP CLEAN

Bring your vehicle back to life with our professional deep clean service.

At Karbon Detailing, we specialize in deep cleaning that goes beyond a basic wash and vacuum. Our meticulous process ensures every inch of your vehicle is refreshed, restoring that like-new feel inside and out.

Exterior Deep Clean

Our exterior deep clean isn't just about making your car look good—it's about removing built-up dirt, grime, and road contaminants to keep your car looking its best!

- ✓ Pre-Wash – We use a strong but non caustic pre wash, followed by a snow foam to break down dirt before making contact with the paint, reducing the risk of scratches.
- ✓ Hand Wash & Two-Bucket Method – A thorough hand wash using high-quality mitts and a slick, pH-balanced shampoo to gently lift dirt without damaging the paintwork.
- ✓ Deep Wheel & Tire Cleaning – We clean your wheels inside and out, including barrels, arches, calipers, behind the spokes and wheel nuts, leaving them spotless and restoring their shine.
- ✓ Panel Gaps & Crevices – Dirt and debris often get trapped in hard-to-reach areas like badges, door shuts, grills and trims. We use specialist detailing brushes to remove every last bit of grime.
- ✓ Rinse and Drying - we clean and rinse using spotless water - filtered water to prevent water spots. We dry using a strong blower to eliminate drips from wing mirrors etc and use a large plush towel.

Interior Deep Clean

A clean interior isn't just about looks—it's about comfort and hygiene. Our deep interior cleaning tackles dirt, dust, debris and bacteria from every surface, leaving your car fresh and revitalised.

- ✓ Thorough Vacuuming – We reach every corner, including under seats, between panels, and inside storage compartments to remove dust and debris.
- ✓ Steam Cleaning & Sanitization – We deep clean carpets, floor mats, and fabric seats to lift stains, remove embedded dirt, and sanitize high-touch areas like door handles, steering wheel, and center console.
- ✓ Plastic & Vinyl Deep Cleaning – We restore door cards, dashboard, steering wheel, and center console by removing built-up dirt and protecting them from wear and tear.
- ✓ Air Vents & Trim Detailing – Using specialized brushes and compressed air, we remove hidden dust and dirt from air vents, buttons, and other intricate areas.
- ✓ Glass – as well as the exterior glass, we clean the interior too to eliminate streaks and those pesky finger prints.

Why Choose Our Deep Clean Service?

- ✓ Attention to detail – We don't cut corners, ensuring every part of your vehicle is thoroughly cleaned.
- ✓ Professional-grade products – Safe, high-quality cleaning agents designed to protect your vehicle's surfaces.
- ✓ Experienced specialists – We treat your car with the same care and respect as if it were our own.

Single Stage Enhancement

Revive your paint's depth, clarity, and gloss with our professional machine polishing service.

Our Single Stage Enhancement is designed to remove light swirl marks, oxidation, and minor defects while significantly improving your vehicle's shine. This process is perfect for those looking to restore their paint's vibrancy without undergoing a full multi-stage correction. Clients can expect up to an 80% reduction in swirl marks, depending on the paint condition and defect severity.

Please note - this package does not include any interior cleaning

Preparation Process

Every enhancement begins with a thorough exterior deep clean, ensuring a flawless foundation for polishing.

- ✓ Chemical Decontamination – We use iron fallout removers and tar removers to break down embedded contaminants in the paint.
- ✓ Physical Decontamination – A clay bar treatment is applied to eliminate any remaining roughness, leaving the surface ultra-smooth.
- ✓ Panel Wipe Down – The paintwork is cleansed with an alcohol-based solution to remove any lingering residues, ensuring the polish bonds effectively.

Machine Polishing Process

- ✓ Single Stage Machine Polishing – Using a professional dual-action polisher, we refine the paintwork with a carefully selected polish and pad combination to restore gloss and minimize light imperfections.
 - ✓ Swirl Mark & Oxidation Reduction – Removes minor defects, bringing out the true color and clarity of the paint.
 - ✓ Smooth & Glossy Finish – Enhances depth and reflectivity for a showroom-quality appearance.
 - ✓ Up to 70% Swirl Reduction – Dramatically improves paint clarity with a single stage of correction.
-

Optional Add-Ons for Lasting Protection

After the polishing process, we highly recommend applying a ceramic coating to lock in the shine and protect the finish from environmental damage.

Why Choose Our Single Stage Enhancement?

- ✓ Significant Paint Improvement – A noticeable enhancement in clarity and gloss.
- ✓ Safe & Professional Process – We use top-tier products and techniques to protect your paintwork.
- ✓ Ideal for Maintenance – Great for vehicles that need a refresh without intensive correction.

Two-Stage Correction

Give your vehicle a stunning, mirror-like finish with our Two-Stage Machine Polishing Correction service. This process is designed to significantly enhance your car's paintwork by removing swirl marks, light to moderate scratches, and oxidation, restoring depth and clarity to the finish.

Please note - this package does not include any interior cleaning

What's Included?

✓ **Stage 1 – Cutting/Compounding:** We use a high-quality cutting compound and cutting pads to remove the more severe imperfections in your paint such as swirl marks, oxidation, and minor/deep scratches. This step levels the paint and refines the surface.

✓ **Stage 2 – Refining/Polishing:** A finer polishing stage enhances gloss and depth, removing any remaining haze from the compounding process. The result is a smooth, high-gloss finish that makes your car's paint pop.

Benefits of a Two-Stage Correction:

- ✓ **Removes up to 90% of surface defects**
- ✓ **Restores a deep, glossy finish**

Recommended For:

- ✓ Vehicles with heavier swirl marks and scratches
- ✓ Enthusiasts looking for a high-quality finish
- ✓ Clients who want a true mirror finish on their paintwork
